FOR IMMEDIATE RELEASE**

**Soar Above the City Skyline in *Sewer Escape - New York* on iOS**  
- Popular flash game becomes physics-based mobile puzzler -

**Bucharest, Romania** - June 27, 2013 - Shoot for the stars and burst onto the Big Apple's streets (and beyond) in *Sewer Escape - New York* on iOS. Starring three heroic and highly intelligent hamsters, take charge of the action and use gravity defying gadgets to shoot the smallest runaway rodent skyward. Enjoy a host of hilarious characters and navigate tricky passages as you rocket above their sophisticated sewer laboratory. Find out exactly what lies outside in *Sewer Escape - New York*.

Based on the online *Sewer Escape* series, *Sewer Escape - New York* transports the vibrant illustrations, addictive gameplay, and super fun storyline of the flash game to the iPad, iPhone, and iPod Touch. Escaping the laboratory of the crazy scientist Dr. Madbrain, Kenny, Al and Bert accidentally consume a radioactive sludge that grants Al and Bert a never before seen intellect. Armed with smarts, creativity and motivation, the hamsters set their sights on escaping their underground lair and reaching the freedom above the city's skyline. With 5 unique play zones and 40 fantastic trophies, players can help the hamsters in their mission by collecting gold coins to get awesome power-ups as well as keeping an eye out for numerous, ongoing bonus items.

"It's been a ridiculously fun and wholly rewarding experience in developing *Sewer Escape - New York* for iOS," said Remus Ciobanu, Co-Founder of WitchHut. "While the original flash game has amassed quite a cult following, we felt that it was time to introduce the game to a mobile audience. We can't wait for players to begin their great escape!"

***Sewer Escape - New York* Features**

- 13 funny characters to meet
- 25 crazy inventions to improve one's performance
- 5 extreme power-ups
